Round 10

Please read through the instructions for this round before starting.

Rings are 3 - 3 + 3 - 3 OR 3 - 3 + 3 + 3 - 3 and chains are 3 - 3 - 3 - 3 - 3 - 3 RW

The joins are to the flowers of round 9.

First divide round 9 into 'groups' of five flowers starting from the centre of the end. I used a thread tied to each end of each group. These will form the scallops. All scallops are five flowers on round 9 but some will have a 'dip' between scallops or have 'sideways' flowers where the joins are to the side of the flower - see fig. 10d

See fig. 10a for the joins on the two end scallops (no picots shown for clarity)

See fig. 10b for the joins on the seven side scallops.

See fig. 10c which shows where the dips are. Pink are regular dip joins and green are joins to side facing flowers on round 9. Also see fig. 10d.
