The moon measures 3" from top to bottom.

Note - for those who prefer front side/back side tatting the text in italics and red indicates where the worker needs to use the second half of the ds first.

Skills needed - Knowledge of Split Rings, the SCMR (1 only).

Materials - Size 20 thread, 2 shuttles and size 11 seed beads. A large bead (size 9) will be needed to add to p for eye. Put 2 beads onto the thread and wind 3¾ yards onto Sh1. Pull off a further 4½ yards and add to Sh2 CTM. Check that the 2 beads are still on Sh1 before starting R1.
