

**Abbreviations for today are**

R ring Cl close vsp very small picot + join  
SR split ring  
MBBH move bead to the back of the hand before starting the ring.  
seta make 3 first halves of the double stitch.  
setb make 3 second halves of the double stitch.  
DNRW do not reverse work

For this part of the TIAS you will be using the same light coloured thread on both shuttles.

Also required - 3 size 10 or 11 seed beads.

Add 1 of the beads to the ball thread and wind 2½ yards on Sh1. Pull off 2½ yards from the ball and cut. Wind this onto Sh2. Before starting make sure that the bead is still on Sh1 and ready to be used in the second ring.

**NB** When using the bead you will be making a seta, then moving the bead along the thread to sit by the last half double made. Then continue with setb and the rest of the ring. As you close the ring encourage the bead to turn to sit in the centre of the ring.
